

# AIDIL SAMRI

## DESCRIPTION

I am a grounded and down to earth actor, singer and performer. I began my training with SRT's The Young Company and has since then delved into several other aspects of performing such as Musical Theatre, screen acting as well as stage acting. During my time in Lasalle as a BA(Hons) acting student, I have further challenged and immersed myself by going for an exchange programme in the UK delving into screen acting and voice over acting. My expertise in nature and the outdoors brings a sense of groundedness in approaching my works. I am now aiming to further hone my existing skills as well as slowly expanding my skill set in directing as well.
