

EDUCATION

LASALLE COLLEGE OF THE ARTS – Singapore

Aug 2023 – Apr 2026

BA (Hons) Interior Design

- Focus on 3D Modelling, Spatial Design, and Digital Representation
- Trained in AutoCAD, SketchUp, and Adobe Photoshop
- Studio-based learning in concept development, material exploration, and spatial storytelling

SMA TERPADU PAHOA

July 2020 – May 2023

High School Diploma in Mathematics and Natural Sciences

- Final Score: 84.15/100

TECHNICAL SKILLS

Design & Visualization:

- 3D Modelling
- 2D & 3D Renderings
- Space Planning
- Mood & Material Board Development

Software

- Sketchup
- AutoCAD
- Enscape
- Adobe Photoshop
- Adobe Creative Suite

Technical Drawing

- Layout plans
- Elevations & Sections
- Construction Drawings
- Detail Drawings

Core Design Competencies

- Concept Ideation
- Material Selection & Finishes
- Presentation Design Layout
- Visual Communication
- Spatial Storytelling

ADDITIONAL INFORMATION

Languages: English, Bahasa Indonesia, Chinese**Certification:** IELTS, HSK

WORK EXPERIENCE

ADM Design & Build Pte Ltd – Singapore

May 2025 – July 2025

Interior Design Intern (3 Months)

Learning and Development Intern

- Developed 3D models and realistic renderings for commercial projects.
- Assisted in preparing and revising technical drawings (layout plans, elevations, sections, and detailing).
- Supported design development from concept stage to drawing documentation.
- Conducted site visits to observe project progress, understand construction methods, and verify on-site dimensions.
- Prepared client presentation material including layout boards and visual presentations.

PROJECT EXPERIENCE

ELEVATE – Hawker Center Proposal (Professional Studies Project)

Mar 2025*Group Project (Team of 6)*

- Developed a programmatic proposal responding to users and existing site and the surroundings. (Group Discussion)
- Conducted a site analysis, circulation mapping and contextual research to inform spatial strategy. (Group Discussion)
- Explored geometric massing and circulation concepts through diagrammatic studies and concept development iterations.

Software: AutoCAD and Sketchup

Going Solo – Human Scale Exhibition (1:1 Installation)

Aug 2024 – Sep 2024

Group Project (Team of 6)

- Designed and constructed a 1:1 scale exhibition booth responding to the needs of individuals who dine alone, focusing on privacy, comfort, and emotional ease.
- Developed spatial concepts through iterative sketches, study models, and material testing.
- Produced construction drawings, exploded axonometric details, and component breakdown diagrams.
- Contributed to full-scale fabrication and on-site installation.
- Created 3D models using SketchUp to communicate design intent.

Software: Sketchup and Adobe Photoshop

ORGANIZATIONAL ACTIVITIES

MURAL – LASALLE College of the Arts Indonesian Students Community (Member)

Aug 2023 – Aug 2024

MURAL is the Indonesian student community at LASALLE College of the Arts that supports Indonesian students in adapting to campus life while fostering cultural connection, collaboration, and community engagement through various events and initiatives. I am responsible for:

- Assist in planning and executing orientation programs for incoming Indonesian freshmen.
- Supporting coordination of bonding activities and community events.
- Contributing to initiatives that strengthen engagement within Indonesian student community.
