Email: parishaji@gmail.com

[Portfolio](#)

An Interior Design graduate with a strong foundation in both conceptual thinking and practical design development. Experienced in translating ideas from concept to narrative, creating thoughtful and engaging spatial experiences. Proficient in AutoCAD and SketchUp, with a keen eye for detail and strong problem-solving abilities. A collaborative team player with effective communication and adaptability skills, capable of working both independently and in group settings. Eager to begin a professional career as an Interior Designer, contributing to meaningful projects while continuing to learn, grow, and refine design skills in a dynamic environment.

WORK EXPERIENCE

Intern

May 2024 – July 2024

NATIONAL TEXTILE, MEERUT

A textile manufacturing company specialising in interior and upholstery fabric materials, involved in the production, distribution, and export of a wide range of furnishing textiles across India.

- Learned about textile and upholstery materials used in interior applications.
- Developed understanding of fabric texture, weave, pattern, material composition, and colour variation.
- Gained knowledge of fabric selection criteria based on durability, maintenance, and aesthetic requirements.
- Observed textile sourcing, cataloguing, and material coordination processes.
- Improved communication and coordination skills within a professional work environment.

Social Media and PR Manager

2022-2023

STUDOMATRIX

A non-profit organisation aimed at encouraging student participation in competitions and fostering social interaction post-COVID.

- Led social media and public relations efforts to support student participation in competitions.
- Managed and responded to student queries, providing guidance and facilitating access to opportunities.

- Handled social media accounts and contributed to outreach strategies to expand engagement and reach a wider audience.
- Assisted in the planning and execution of events, ensuring smooth coordination and effective communication.

Organising Committee Head

IIMUN - 2019 IRMUN – 2023 (India)

IIMUN and IRMUN are Model United Nations platforms that simulate United Nations committees, encouraging students to engage in debate, diplomacy, and discussions of global issues.

Contributed to the organisation and execution of MUN conferences within the city. Managed student queries and guided participants.

- Conducted outreach through workshops, engaging with approximately 200–300 students over a span of two months to introduce the concept of MUN and encourage participation.
- Played a key role in expanding awareness and student involvement through communication and on-ground engagement.

Event Organiser and Volunteer

2017-2019

School events and festivals

Contributed to the organisation of school events and inter-school festivals, including multi-day technology festivals featuring a series of computer-based competitions.

- Assisted in planning, coordination, and on-ground execution over consecutive days, ensuring smooth event operations.
- Actively volunteered in school and cultural celebrations, supporting decoration, setup, and overall event preparation.
- Demonstrated strong teamwork, time management, and organisational skills through active involvement in large-scale events.
