PROFILE:

NAUFAL ZAIM

Naufal strongly believes every design should serve a clear purpose while addressing real needs. He focuses on crafting atmospheres that shape how users feel within a space. Thoughtfully designed environments evoke subtle, often unseen emotions, with the goal of creating spaces that inspire calm, serenity, and quiet connection. A strong team player, always willing to lend a helping hand and contribute to a positive working environment. Skilled in CAD software, 3D modeling, and material selection, with a keen eye for detail and a drive to create immersive, story-driven spaces. Adaptable, resourceful, and eager to bring innovative design concepts to life.
