ABOUT

I am a recent Interior Design diploma graduate who approaches design with curiosity and sensitivity, translating abstract ideas into spatial experiences. I have a strong interest in inclusive and human-centred design, creating environments that respond to diverse user needs. My work explores themes of fluidity and imperfection, shaping how people move and interact within a space. I am eager to grow within the industry and contribute thoughtfully and creatively to real-world design projects.

SOFTWARE LITERACY

Proficient in Autocad

Entry level proficiency in Sketchup

Proficient in Photoshop

Proficient in Microsoft Office

LANGUAGES

Fluent in English
