PROFILE

I'm an Interior Architecture professional with hands on experience in residential design and a passion for creating functional, beautiful spaces. I have a solid foundation in design, 3D modeling, and space planning, and I'm proficient in tools like AutoCAD, SketchUp, and Adobe Creative Suite. I've worked on a variety of residential and commercial projects, always focusing on designs that are both creative and practical. My goal is to create spaces that not only look great but also enhance the way people live and work. I'm always ready to take on new challenges and push my creativity further.

WORK EXPERIENCE

Sales NU SKIN

2024

- Showing the use of product
- Explain and do sales on client to share with them the different type of product
- Engaging with customers to understand their skincare needs and concerns (e.g., acne, dry skin, aging). Based on their needs
- Educating customers about proper skincare routines and how different products work together to address their concerns.

Gallery Guide

National Gallery Singapore

2023

- Ensure the safety of gallery artworks
- Guide visitors while educating them on the history and the culture
- Offering detailed information about specific pieces of art, the artists, and the themes or movements being showcased.
- Ensuring that visitors feel comfortable, safe, and encouraged to explore the art. They may also direct visitors to different parts of the gallery.

Interior Designer

NewAge Interior Design

2023

- Creating spaces that cater to the needs and experiences of the people who will use them. Whether it's ensuring that a workspace promotes productivity and comfort or designing a residential space that feels welcoming and practical, interior architects place great importance on human well-being.
- Meeting with clients to discuss their style preferences, functional requirements, and budget.
- Developing design concepts based on the client's needs, which may include selecting color schemes, furniture, fixtures, flooring, and other interior elements.
- Staying informed about the products available for sale, such as furniture, fabrics, lighting, flooring, and accessories. This knowledge helps in recommending products that fit the client's needs and style.

Interior Designer

Butler Interior Design

2025-2026

- Drafting and space planning to solve and cater to different clients requirements
- Project management bringing clarity, structure, and efficiency to every initiative. With a strong ability to plan, organize, and execute, I ensure projects are delivered on time, within scope, and aligned with strategic goals.
