ABOUT ME

Interior Design graduate with a strong interest in spatial design and user experience. Skilled in AutoCAD, SketchUp and Photoshop to translate concepts into clear visual and technical expressions. Seeking opportunities to develop practical experience and contribute to meaningful spatial design projects.

WORK EXPERIENCE

Interior Design Intern

FT2 Interior Design

Aug 2025 - Oct 2025

- Assisted in drafting floor plans for both residential and commercial projects.
- Produced 3D renderings for residential and commercial projects to support design development and presentations.
- Participated in client meetings with mentors, observing design presentation and communication workflow.
- Revised drawings based on feedback from senior designers and project requirements.

Live Stream Assistant

Part-time

2023

- Handled customer inquiries and processed orders, developing understanding of user needs and communication flow.
- Assisted in packing and preparing products for live streaming sessions, ensuring items were organized and ready.

HARD SKILLS

- Photoshop
Image editing and basic visualization.
- AutoCAD
Technical drawings and documentation.
- SketchUp
3D modeling for spatial development.
- Enscape
Rendering for design presentations.

ADDITIONAL SKILLS

- Basic hand sketching for design ideas and spatial exploration.
- Photography for composition and visual documentation.
