

JUSTIN SEET YE XUN

ILLUSTRATOR GRAPHIC DESIGNER

DESCRIPTION

Hi, I'm Justin!
I love drawing and designing characters and graphic designs. I enjoy creating unique and interesting elements like patterns, emotions, icons, and more!

Besides that, I enjoy searching for photos of various things, like well-modified cars, uniquely styled buses, and realistic landscape illustrations. After gathering inspiration, I experiment with the techniques and styles I've learned and apply them to my drawings and designs.

WORK EXPERIENCE

DESIGN LOGO FOR COMMITTEE ON THE FUTURE ECONOMY
Designed a logo for CFE that needed to effectively communicate across different generations while also representing a futuristic vision for the economy.

RIPPLES COMPETITION 2015 - 2016
Designed unique and distinctive patterns for Ripples slippers and bags, a brand popular among teenagers and the working class.

SG50 CASHCARD HOLDER AND SG50 POSTCARD DESIGN COMPETITION
Designed a cash card holder and postcard to celebrate SG50, representing the spirit and identity of Singapore

(DHU) Digital Hollywood University Education Trip
Explored techniques in translating 3D models into 2D visual styles, including cel-shading workflows.

Make & Made - TaEz
Designed and constructed a functional stool using recycled plastic and wood materials.

Creative Technology - Soundscape 2030 Project
Developed a conceptual product responding to future urban sound environments in 2030. The design investigates how sound data can influence interaction, experience, and product behaviour in everyday objects.

Lego Ember Workshop 2024
Developed creative play concepts focused on interactive and imaginative experiences for children.

NEU Industries Project
Designed a custom side rail system for hospital and nursing home beds.
