

CATHERINE JULIEZ VELIM

With the grace of a dancer and the dedication of a service professional, I bring years of experience in leading with poise, clear communication, and composure under pressure. My background as a dance instructor has equipped me with strong presentation skills, physical stamina, and the ability to connect with people from all walks of life. Now, I am ready to bring that same discipline, warmth, and attention to detail to the skies as a cabin crew member, ensuring every journey is both safe and memorable.
